

# AB-100

## Extra Concentrated Aluminum Brightener

\*\*\*\*\*

AB-100 is specially formulated to clean aluminum trucks, buses, trailers, and even wire wheels. A powerful combination of fast acting acids, emulsifiers and biodegradable detergents. AB-100 dissolves corrosion, emulsifies oil, disperses dirt, gives aluminum a dazzling satin finish all in one step. AB-100 liquid form is easy to handle and apply. AB-100 can be put to work anywhere simple alkaline products are ineffective. It's great for removing scale & water stains from boat hulls.

### SPECIFICATIONS

Physical Appearance.....	Clear, colorless liquid
Odor.....	Slight musty odor
Specific Gravity.....	1.100
pH.....	Below 0 (concentrate)
Viscosity.....	1 centistoke
Freeze Point.....	-10 C
Phosphorous as %P.....	None
Biodegradable.....	Yes

**DIRECTIONS:** When used in pressure washing equipment, AB-100 may be diluted 1 to 4 ounces per gallon of water. Adjust concentration metering or injection device to obtain the desired results. A concentration of 4 to 6 ounces is recommended for manual cleaning rinse thoroughly. Always apply chemical mixture from bottom to top. Care should be taken not to allow chemical solution to dry on any cleaned surface. Rinse thoroughly.

**DANGER:** Contains hydrofluoric and sulfuric acids and biodegradable detergents. Avoid contact of undiluted products with skin or eyes. Avoid continued inhalation of mists in spraying or other applications. Wear goggles, neoprene aprons and gloves when handling product.

**FIRST AID:** If eye or skin contact occurs, flush thoroughly with water for 15 minutes. See the MSDS for additional information. This product is dangerous if improperly used. If ingested, give water or milk. Do not induce vomiting. Get medical attention immediately.
