

ECC-250

Premium Powdered Car and Truck Wash

ECC-250 is a fast acting cleaner designed to loosen roadfilm and grime on all types of vehicles, use it on cars, trucks, trailers and heavy equipment. This powdered heavy duty cleaner is biodegradable. It's combination of alkalinity, sequestrants and low foaming surfactants quickly attacks dirt and grime and yet rinses quickly without streaking,. **ECC-250** dissolves easily and rinses leaving no residue.

DIRECTIONS

ECC-250 can be used through high pressure equipment or by brush washing. Dissolve 1/4 to 1/2 pound of ECC-250 per gallon of water and then dilute 25 to 1 with water. Spray surface to be cleaned from the bottom to top. Rinse with high pressure from top to the bottom. Do not allow ECC-250 to dry on surface.

Warning

Repeated contact may cause redness and dry cracked skin. Dusts may cause severe irritation of eyes.
