

MC-20

Multi-Purpose Emulsifier Activated Cleaner

An all-purpose degreaser and speed cleaner, MC-20 has hundreds of uses in automotive, institutional and industrial fields. Its emulsifier action readily dissolves oils and greases, its biodegradable detergents break-up road films and suspend dirt; all without deteriorating or corroding fabrics, glass, plastics, rubber and metals. This high performance product rinses easily with cold water and contains no phosphates, creates no disposal problem. MC-20 has been accepted by the U.S.D.A. as a floor and wall cleaner in federally inspected meat and poultry establishments.

SPECIFICATIONS

Physical Appearance.....	Clear, green liquid
Odor.....	Slight ether
Specific Gravity.....	1.035 at 25 C
pH.....	13.0 at 25 C(concentrate)
Viscosity.....	1 centistoke at 25 C
Freeze Point.....	-2 C
Phosphorous as % P.....	None
Flash Point.....	None

DIRECTIONS: MC-20 is ready to use but may be diluted as much as 1 to 8 parts water for light maintenance cleaning. Spray on engines, machinery, walls, woodwork, tile, floors and office equipment. Wipe with a clean , dry cloth or rinse with water.

Do not allow chemical solutions to dry on surfaces being cleaned, also do not use on unsealed wood. The use of all cleaning compounds in federally inspected meat and poultry establishments should be followed by a potable water rinse.

CAUTION: May cause eye and skin irritation in concentrated form. Harmful if swallowed. Keep out of reach of children. Contains inorganic builders, biodegradable detergents and water soluble emulsifiers. Avoid prolonged skin contact or inhalation of vapors and mists in spraying or other applications.
