

RENEW STEP 2 HIGH ALKALINE VEHICLE WASH

RENEW STEP 2's unique formula is excellent for cleaning trucks, trailers, heavy equipment or may be used as a heavy degreaser. It's rich high alkaline foam quickly attacks dirt and grime and yet rinses quickly without streaking. Because of its high alkalinity, extreme care should be exercised when using on soft metals (as aluminum) and painted surfaces. **RENEW STEP 2** is completely biodegradable.

SPECIFICATIONS:

Physical Appearance.....	Dark brown liquid
Odor.....	Slight surfactant
Specific gravity.....	1.130
ph.....	13.9 (concentrate)
Viscosity.....	1 centistoke at 25 C
Biodegradable	Yes
Freeze point.....	-10 C
Phosphorous as % p.....	0.1%
Flash point.....	None

DIRECTIONS:

RENEW STEP 2 has been designed to be used through high pressure spray equipment. Set the dilution ratio to 1 part **RENEW STEP 2** to 50 parts of water, at the gun tip. Spray surface to be cleaned from bottom to top. Rinse with high pressure from top to bottom. Do not allow **RENEW STEP 2** to dry on surface.

Contains sodium hydroxide, biodegradable detergents and chelating agents. Avoid contact of undiluted products with skin or eyes. Avoid continued inhalation of mists in spraying or other applications. Wear goggles and rubber gloves when using in power washing equipment.
