

SC-1127

CLEAN & SHINE READY MIX CONCRETE REMOVER

NO MURIATIC, PHOSPHORIC, HYDROCHLORIC, SULFURIC, HYDROFLUORIC
ACIDS, NO SALTS OR CHLORIDES. 100% BIODEGRADABLE.

SC-1127 is a liquid compound specifically formulated to remove built up concrete from tools and equipment associated with **THE CONCRETE READY MIX INDUSTRY**. **SC-1127's** highly concentrated formulation is compounded to maintain sufficient acidity to remove concrete. Use to remove concrete from mixers, hopper areas, inside the back rings, rear support structures, chutes and it removes old rust and oxides. **SC-1127** is non-flammable, non-hazardous, non-corrosive to paint and is **100% Biodegradable**.

SPECIFICATIONS:

Physical Appearance.....	Clear, amber liquid
Odor.....	Mild, sweet
Specific Gravity.....	1.10
ph.....	2.0 (concentrate)
Viscosity.....	1.0 cps
Biodegradable	yes
Freeze point.....	32 F
Phosphorous as % p.....	None
Flash point.....	None

DIRECTIONS:

Apply **SC-1127**, undiluted, with a sprayer or conventional brushing. Allow **SC-1127** to remain on concrete for at least 20 minutes; treated concrete may be left to react overnight. Heavy build up may require additional applications. **SC-1127** is always most effective when brushed, thereby removing already neutralized cement at the same time exposing un-neutralized cement to **SC-1127**.

Should be applied undiluted to dry concrete

CAUTION:

SC-1127 is mild, but always wear protective clothing (rubber gloves, eye shield, etc). ----- **KEEP OUT OF REACH OF CHILDREN** -----

DOES NOT CONTRIBUTE TO GROUND OR WATER CONTAMINATION
