

CAN'T REMOVE 
ROAD FILM?
YOU CAN NOW!

SELL AMERICA'S LEADING VEHICLE CLEANER

ETOWAH CHEMICAL would like to send you a **FREE** sample (FREIGHT PRE-PAID) of this **new chemical** that we manufacture for the washing industry to **REMOVE ROAD FILM**. Our road film removing chemistry enables us to offer this environmentally safe chemical to take care of your number one problem.

Call us **today**, don't put it off any longer! The call is free, with no obligation. We just want the opportunity to show you there **IS** a chemical that **WORKS**.

Ask for **Ben Benefield**, National Sales Manager.

We sell "ALKOTA CLEANING EQUIPMENT"

CAR WASH

MIRACLE FOAM (ETOWAH GOLD)

This all purpose foamy product is an excellent carpet and fabric shampoo. Use 1-4 oz. per gallon of water. Pleasantly scented. Neutral cleaner (RTU) - WSC-1073, (KIT) - WSC-1467-K

HIGH FOAM

Especially formulated for use in self serve car wash foaming brushes. (RTU) - WSC-1568

SC-120 WASH & WAX

An all purpose vehicle cleaner containing an acrylic polymer for gloss and beading enhancement. Designed for hand use at the rate of 1 ounce per 4 gallons of water. Produces a high gloss on paint and a spotless finish on chrome. (RTU) - WSC-1648

WAX, LIQUID SPRAY (RTU)

This product leaves a gloss on surface, helps eliminate spotting, improves sheeting of water to speed drying time. Gives finish a waxed look. (RTU) - WSC-1569, (Concentrate) - WSC-1626-55-W

SC-625 CAR AND TRUCK WASH

One of our best, all purpose, car and truck wash cleaners. Contains inorganic builders and biodegradable detergents. Safe to use on anodized aluminum. (RTU) - WSC-1498, (KIT) - WSC-1420-K

SC-ALHW CAR AND TRUCK WASH

An all purpose car and truck wash blended especially for use in hard water areas. Safe to use on anodized aluminum and mirror polished aluminum. Removes road film. Dilution ration of 50-1. (RTU) - WSC-1590, (Kit) - WSC-1590-K

TW-209 CAR AND TRUCK WASH

All purpose car and truck wash detergent, safe to use on all surfaces. Rinses easily and quickly. Dilution ration of 50-1. (RTU) - WSC-1547, (KIT) - WSC-1560-K

SC-710 CAR AND TRUCK WASH

An excellent car and truck wash concentrate. One drum makes 4 drums of RTU (3-1 mix). Dilution ration of 50-1. (Concentrate) - WSC-1555-55-K

SC-500-K ALL PURPOSE CAR AND TRUCK WASH

All purpose cleaner, safe to use in sensitive vehicle washing conditions. (KIT) - WSC-1410-K

SC-EB-24 OIL/WATER SEPARATOR CHEMICAL

Designed specifically for use in cleaning operations having oil/water separators to clear up the waste. It is useful in a wide range of cleaning operations such as pressure washing, truck washing, etc., where a moderately alkaline cleaner is required. (RTU) - WSC-1650

SC-CHEM 1

First step product for the cold water, two chemical cleaning systems. One drum of this concentrate makes 4 drums of RTU (3-1 mix). Must be applied under high pressure as a preparation for Chem 2. Our two chemical, cold water cleaning compounds have no equal in today's market. We stay well within the "safety band". (KIT) WSC-1610-K

SC-CHEM 1A

First step product for the cold water, two chemical cleaning Systems. Must be applied under high pressure as a preparation for Chem 2. (KIT) - WSC-1615-K

SC-CHEM 2

Easily, one of the best one step cleaners on the market today. May be used on virtually every surface. Removes road film beautifully and rinses instantly. Truly a "space age" cleaner. Dilution ratio can vary from 25-1 to 100-1, depending on application. This product is also used as a second step in the two chemical cleaning systems. In one step applications, one drum makes 3 drums of RTU (2-1 mix). In two step applications, one drum makes 4 drums of RTU (3-1 mix). (KIT) - WSC-1620-K

SC-44X

Second step for cold water, two chemical cleaning systems when cleaning trains, piggy-back trailers and other similarly difficult cleaning applications. One drum makes 4 drums of RTU (3-1 mix) and 25-1 through high pressure washer. (KIT) - WSC463-K

ALUMINUM CLEANERS

SC-LB CONCENTRATE

One of our best aluminum brighteners. This product will make 5 drums (4-1 mix), and still can be diluted 50-1, downstream. (KIT) - WSC-1557-K

SC-F-102 POLISHED ALUMINUM CLEANER

A non-etching polished aluminum cleaner and maintainer: Contains ***NO HYDROFLUORIC ACID*** or any other mineral acid. Will not etch or corrode any metal. Will not harm any material (except anodized aluminum) contained in or about over-the-road vehicles including trains, airplanes, trucks, or vans. Use at the rate of 1 part F-102 to 50 parts water. Apply to surface, detail clean from the bottom up, then rinse from the top down. (RTU) - WSC-1652

SC-747 NON-ACID BRIGHTENER

Specially formulated to clean aluminum trucks, buses, trailers and even wire wheels. It dissolves corrosion, emulsifies oil, disperse direct, gives aluminum a dazzling satin finish all in one step. (RTU) - WSC-1017

SC-400 (AB-50)

A hydrofluoric and sulfuric acid blend especially formulated for those problem cleaning jobs. Reference ratio of 30-1. (RTU) - WSC-1480

SC-410 (AB-75)

Same as AB-50. Reference ratio of 60-1. (RTU) - WSC-1482

SC-420 (AB-100)

Same as AB-50. Reference ration of 100-1. (RTU) - WSC-1484

SC-430 (AB-100R)

Same as AB-100. Reference ratio of 125 - 1. (RTU) - WSC-1485

SC-ABXBWK

Heavy duty aluminum brightener containing hydrofluoric acid. Concentrated product will make 4 drums (3-1 mix), and additionally diluted downstream 25-1. (KIT) - WSC-1558-K

SC-400-3K

Aluminum brightener concentrate. One drum makes 3 drums of RTU (2-1 mix). Reference ratio of 50-1. (KIT) - WSC1545-K

POWDER CLEANERS

EC-250 ALL PURPOSE POWDER

Our excellent, all purpose powder that is non-toxic and non-corrosive. For general cleaning, use 1 lb. to 20 gallons of water. For tougher cleaning jobs, use 1 lb. to 10 gallons of water. (RTU) - WSC -1575

WARPATH CONCRETE CLEANER (POWDER)

A non-caustic, orange, powdered detergent that turns yellow/green when wet. Wet floor, then broadcast powder over wet area. Scrub area using a broom or brush then rinse to drain. A VERY ECONOMICAL FLOOR CLEANER. (RTU) - WSC-1102

SC-BRPOW CAR AND TRUCK WASH POWDER

Our heavy duty truck washing powder. Will remove road film and diesel smoke with a minimum amount of brushing. Safe for all surfaces. Mix 10-15 lbs. with 50 gallons of water. (RTU) WSC-1625

SC-89NF HOT VAT STRIPPER (POWDER)

For use with non-ferrous metals. A low to non-foaming powdered metal cleaner. Designed for use in heated pressurized cleaning cabinets and agitator tanks. Contains corrosion inhibitors. BIODEGRADABLE. Contains natural orange solvents to aid the degreasing capability. (RTU) - WSC-1647

SC-99 SUPER HOT VAT STRIPPER (POWDER)

For use with ferrous metals. A low to non-foaming powdered metal cleaner. Designed for use in pressurized cleaning cabinets and agitator tanks. Contains corrosion inhibitors. BIODEGRADABLE. Contains natural orange solvents to aid the degreasing capability. (RTU) - WSC-1649

GENERAL CLEANERS

ANTI-FREEZE

This product is formulated only for winterizing high pressure washers. Not for autos. (RTU)- WSC-1566

SC-109 GLASS CLEANER

Ready-to-use product generally. However, can be diluted further in some cases. WSC-1519-K, (Concentrate) WSC-1519-K

SC-25 LIMEY (DESCALER)

A hydrochloric acid product to be used for the descaling of pressure washers, coffee urns, steam tables and dish washing machines. Dilution ratios for each application appears on the label. (RTU) - WSC-1486

SC-MEMBRANE CLEANER

Designed to eliminate lost efficiency of membrane filtration equipment due to oil and colloidal waste build-up. A special blend of sequestrants and surfactants designed especially for open and closed micro and ultra filtration waste purifying systems. (RTU) - WSC-1212

INDUSTRIAL CLEANERS

SC-110 PAINT STRIPPER

A thick alkaline paint stripper. Nonflammable. Removes enamel and lead base paints. Brush or roll on and allow 20-30 minutes to work. Gloves, eye and face protection a must. (RTU) - WSC-1530

SC-165 COSMOLINE REMOVER

Solvent base product that is very effective in removing cosmoline from automobiles. Very little agitation required with this product. (RTU) - WSC-1533

SC-330 LEATHER AND PLASTIC CLEANER

A ready-to-use product. Safe and effective for use in the cleaning of leather and plastic. (RTU) - WSC-1535

SC-611 SMOKE REMOVER

This product is formulated to remove smoke damage. For best results pre-spray this product. Dilution ration of 3-1 to 20-1, depending on surface to be cleaned. Excellent ceramic tile cleaner. (KIT) - WSC-1630-K

CITRUS CLEANER (94%)

Orange scented *SUPER* concentrated cleaner with the power of natural solvents. Will clean many things that regular detergents won't. Removes inks and mastics. Made of natural solvents and is **BIODEGRADABLE**. Use at the rate of 1 part to 75 parts water. (RTU) - WSC-1374

SC-CITRA-CLEAN (DEGREASER)

Orange scented *HEAVY DUTY* concentrated cleaner with the power of natural solvents. Will clean many things that regular detergents won't. Removes inks and mastics. Made of natural solvents and is **BIODEGRADABLE**. Use at the rate of 1 part to 50 parts water. (RTU) - WSC-1040

SC-4099 CITRISOLV (DEGREASER)

Orange scented concentrated cleaner with the power of natural solvents. Will clean many things that regular detergents won't. Removes inks and mastics. Made of natural solvents and is **BIODEGRADABLE**. Use at the rate of 1 part to 25 parts water. (RTU) - WSC-1499

CLEAR WATER FLOC AGENT (POWDER)

Is a reaction splitting agent for the treatment of washing water loaded with mineral oil. Alkaline washing water containing hydrocarbons can be treated. (RTU) - WSC-1394

AGGRESSIVE (AMMONIATED FINISH STRIPPER)

Should be diluted 1 part to 1 to 5 parts water depending on thicknesses of finish build-up. Allow mixture to stand for 15 to 20 minutes for complete reaction with old finish. **BIODEGRADABLE**. (RTU) - WSC-1371

ULTRA-FINISH (20% FLOOR FINISH)

Spray buff and burnishes easily on floors that have heavy traffic and that are buffed on a less frequent basis. Great for hospitals, schools, supermarkets, contractors, department stores where wear resistance is essential. (RTU) - WSC1372

SC-113-45 HOOD CLEANER

Is a highly concentrated caustic cleaner designed for use in food processing and industrial cleaning applications. Especially effective at quickly removing animal and other cooking oils. (RTU) - WSC-1565

TOOL KOOL (SYNTHETIC CUTTING FLUID)

Is a synthetic all purpose cutting coolant excellent for cutting, grinding or drilling metals. It has a high amount of corrosion inhibitors to prevent flash rusting of machined parts and cutting tools. (RTU) - WSC-1804

SC-687 RUST BLOCK

Controls flash rust for approximately 72 hours. Coat bare metal surfaces that been wet sand blasted to prevent flash rust. Reference ratio of 50-1. (RTU) - WSC-1539, (KIT) - WSC-1539-K

SC-850 LIQUID SPRAY PAPER

A liquid spray mask for use in collision repair shops. Eliminates need for some time consuming conventional masking. Apply with an airless sprayer and rinse with garden hose or pressure washer, even after baking process. (RTU) - WSC-1574

SC-340 MEAT ROOM CLEANER

A highly concentrated, general purpose, cleaner degreaser, designed for use in food processing meat rooms. Apply with air pressure foaming equipment. (KIT) - WSC-1466-K

CANOPY CLEANER

Vinyl and canvas cleaner. Mild enough to be safe; strong enough to clean. Reference ratio of 50-1. (RTU) - WSC-1571

SC-CCC CONTINUOUS COIL CLEANER

Add 1 gallon to 55 gallon drum of any alkaline product to preen scaling of high pressure washing equipment. (RTU) - WSC-1

SC-310 METAL PRE-CLEAN

Is designed for removing grease, forming oils, dirt and grime from unpainted surfaces. Has low amounts of chelating agents to allow flocculating and oil separation devices to work at maximum efficiency. (RTU)- WSC-1553

SC-485P METAL GUARD - PHOSPHOTIZER

A heavy duty formulation for de-rusting and degreasing bare metal. Can be used through high pressure washers or in hot tanks. Prepares metal for painting, leaves metal blued. Reference ratio of 50-1. (RTU) - WSC-1573

X-88P CONCRETE CLEANER

An acidic product for removing concrete from vehicles. Apply with stiff bristled brush and allow to stand for 5-10 minutes. Brush again and rinse thoroughly. Repeat if necessary. (RTU) - WSC-1514

SC-101 TAR AND ASPHALT REMOVER

An excellent product for removing tar and asphalt from vehicles and other related equipment. Apply with brush and allow to penetrate. Rinse with pressure washer. Heavy build-up may require several applications. (RTU) - WSC-1545

SC-175 PARTS WASHER FLUID

Super agitene parts washer formulation containing mineral spirits. Combustible liquid. (RTU) - WSC-1453

SPRAY CABINET CLEANER (POWDER)

Powdered product for use with non-ferrous metals such as aluminum and brass. Low foaming. Designed for use in pressure cleaning cabinets and hot tanks. Contains orange solvent. BIODEGRADABLE. (POWDER RTU) - WSC-1213, (LIQUID) - WSC-1680

RUBBER AND VINYL DRESSING

A product formulated to shine and protect vinyl, leather and rubber from damaging rays of the sun. Restores old tires to a new look. Oil base, recommended for exterior use. (RTU) - WSC-1567

PERMA SHIELD

Penetrates, restores, protects and beautifies rubber, vinyl, leather, plastic and wooden items. Guards against ozone, ultraviolet rays and oxygen that dries, cracks and dulls surfaces. An Armoral type product. (RTU) - WSC-1373

SC-165 COSMOLINE REMOVER

Solvent base product that is very effective in removing cosmoline from automobiles. Very little agitation required with this product. (RTU) - WSC-1533

COLD WATER DEGREASERS

SC-300 (MC-10)

A multi-purpose butyl degreaser. **MC-10** is RTU, works best when pre-sprayed on dry surfaces. Can be used on tires, vinyl, car engines, tile, venetian blinds, plastic and metals. Wipe with clean, dry cloth. Use with caution on glass and wood. (RTU) - WSC -1523, (W/CITRUS) - WSC-1051, (KIT) WSC-1525-K

SC-300P (MC-20)

A butyl base, all purpose cleaner that is non-toxic and non-corrosive. Use 20-1 to clean machinery, exhaust stains, conveyors, oven canopies, etc. At 15-1, clean acoustic tiles, porcelain, etc. For tougher cleaning, use 6-1 on air conditioners, greasy concrete, ink stains, whitewalls. (RTU) - WSC - 1459, (KIT) - WSC-1422-K

SC-BD-20K

Non-Caustic Degreaser. Excellent product for automatic floor scrubbers. Dilution ratio of 25-1. (RTU) - WSC-1645, (KIT) - WSC-1645-K

SC-HB-50-K

Cold water, pre-spray degreaser. Excellent whitewall cleaner. A very strong caustic and butyl product. Pre-spray dilution of 3-1 to 10-1. Through high pressure washer: dilution of 50-1. (RTU) - WSC-1640, (KIT) - WSC-1640-K

HOT WATER DEGREASERS

MIRACLE FOAM (ETOWAH GOLD)

This all purpose foamy product is an excellent carpet and fabric shampoo. Use 1-4 oz. per gallon of water. Pleasantly scented. Neutral cleaner. (RTU) - WSC-1073, (KIT) - WSC-1467-K

ARROW

Is a highly concentrated *caustic* cleaner designed for use in food processing and industrial cleaning applications. **Arrow** has been accepted by the USDA as a general cleaning agent on all surfaces. (RTU) - WSC-1375

SC-10

An extra heavy duty cleaning compound containing sodium hydroxide. Formulated for the cleaning and degreasing of off-road equipment, fork lifts, etc. Do not use on cars, vans, pickups, trucks or trailers. Reference ratio of 50-1. (RTU) - WSC-1510, (KIT) - WSC-1541-K

SC-10XXX (LOW FOAM)

Is used in steam cleaners and high pressure machines for cleaning the heaviest types of grease and oils from equipment. Helps keep down scale buildup because of the water softening properties built in. (RTU) - WSC-1509

SC-15-K

A heavy duty degreaser containing sodium hydroxide. For use on construction and off-road equipment only. Not a product for car and truck wash. Dilution ratio of 50-1. (RTU) - WSC-1508, (KIT) - WSC-1600-K

SC-X-15-BWK

Quite possibly our strongest caustic degreaser. Handle with care. Dilution ratio of 50-1. (KIT) - WSC-1605-K

MC-30 (LEMON)

Drum-in-a-box heavy duty cleaning compound. Excellent for degreasing and washing off-road equipment. (KIT) - WSC-1222-DIB

SEQUOYAH (LPH DEGREASER)

It has dozens of applications in industrial, transportation, commercial and food service industries. Has no flash point, no butyl, no caustics or phosphates. **Low ph.** (RTU) - WSC-1380

GS-125

A concentrated product for difficult cleaning applications. Use 60-1 for general cleaning, use 20-1 for air filters, exhaust stains, flues, oven exhaust stains, flues, oven exhausts, etc. At 3-1, an excellent whitewall cleaner. (USDA APPROVED) (RTU) - WSC -1526, (KIT) - WSC-1580-K, (LOW FOAM) WSC-1379

SC-300P

See listing under Cold Water Degreasers.

SC-550

A heavy duty degreasing and cleaning compound containing sodium hydroxide. For use on construction equipment. (RTU) - WSC -1425, (KIT) - WSC-1428-K

SC-550PK

Extra heavy duty steam cleaner. Use for cleaning fork lifts, construction equipment, etc. Not a vehicle wash. Dilution ratio of 50-1. (RTU) - WSC-1495, (KIT) 1546-K

TRUCK CLEANERS

SC-675

Our No. 1 seller for the washing of trucks and trailers. This product stands alone in removing diesel smoke and road film from over-the-road trailers. We recommend a dilution ration of 50-1 to 70-1 depending on severity of soil. (RTU) - WSC-1511, (KIT) - WSC-1417-K, (LOW FOAM) - WSC-1500

SC-PBHW

A very high quality, phosphate-free tractor and trailer cleaner that will remove road film and diesel smoke. Excellent product for use in hard water areas. Dilution ration of 50-1 to 70-1. Also can be used as a second step in two chemical cleaning systems at 75-1. (RTU) - WSC -1585, (KIT) - WSC-1585-K

SC-625

One of our best all purpose truck and car wash cleaners. Contains inorganic builders and biodegradable detergents. Safe to use on anodized aluminum. (RTU) - WSC-1498, (KIT) - WSC-1420-K

TW-209

An all purpose car and truck wash detergent. Safe to use on all surfaces. Rinses easily and quickly. Dilution ration of 50-1. (RTU) - WSC-1547, (KIT) - WSC-1560-K

SC-ALHW

An all purpose car and truck was blended especially for use in hard water areas. (RTU) - WSC -1590, (KIT) - WSC1590-K

SC-710K

A car and truck wash concentrate. One drum makes 4 drums of RTU (3-1 mix). Dilution ratio of 50-1. (KIT) - WSC-1555-K

EC-250

See listing under Powder Cleaners.

SC-BRPOW

See listing under Powder Cleaners.

SC-1127 CLEAN & SHINE READY MIX CONCRETE REMOVER

Is a liquid compound specifically formulated to remove built up concrete from tools and equipment associated with *THE CONCRETE READY MIX INDUSTRY*. BIODEGRADABLE. (RTU) - WSC-1083

SC-98

A powerful yet safe acidic cleaner for removing concrete from concrete truck cabs. Use as is on truck cabs. Foaming detergent that contains phosphoric acid. (RTU) - WSC-1515
